PMP® Exam Preparation Course | 5 CPDs

About the Course

This training program teaches all you need to know about passing the updated 2026 PMP Exam on the first try! As a result, you'll master the Project Management Body of Knowledge (PMBOK® Guide Edition 8) which can be applied across many different fields. We pride ourselves on being the teacher, the textbook and the simulator that'll keep you on track to attain your project management professional certification from the Project Management Institute. We also provide continuous exercises which simulate the actual 2026 PMP certification examination conditions.

Some of the benefits of attaining the PMP® status include:

- Stay ahead of the competition
- Implement new techniques (including AI-driven decision-making and sustainable delivery)
- Gain new projects/tenders
- Increased client satisfaction
- Confidence in the industry
- Greater goals met in the workplace
- Establishes credibility
- Opens doors to new clients
- Offers International industry recognition
- Validates your dedication

- **Task 10-** Gather quality requirements and evaluate project status
- **Task 11-** Plan and manage procurement
- **Task 12-** Manage project artifacts
- **Task 13-** Recommend a project management development approach
- **Task 14-** Ensure knowledge transfer for project continuity
- **Task 15-** Conclude activities to close the project or phase

Domain 1 – People (33% of the Exam)

- **Task 1-** Develop a common vision with key stakeholders
- **Task 2-** Lead a team
- **Task 3-** Support team performance
- **Task 4-** Empower team members and stakeholders
- **Task 5-** Ensure team members/stakeholders are adequately trained
- **Task 6-** Build a team
- **Task 7-** Address and remove impediments, obstacles, and blockers for the team
- **Task 8-** Negotiate project agreements

- **Task 9-** Promote transparency and collaboration
- **Task 10-** Build shared understanding
- **Task 11-** Engage and support virtual teams

Module Three

Domain 1 – People (continued)

- **Task 12-** Define team ground rules
- **Task 13-** Mentor relevant stakeholders
- **Task 14-** Promote team performance through the application of emotional intelligence

Domain 3 – Business Environment (26% of the Exam)

- **Task 1-** Define and establish project governance (structure, reporting, ethics, and OPAs)
- **Task 2-** Plan and manage project compliance (specifically addressing security, health and safety, regulatory, and sustainability requirements)
- **Task 3-** Manage and control changes
- **Task 4-** Remove impediments and manage issues
- **Task 5-** Evaluate external business environment changes for impact on scope (incorporating new technology/AI, geopolitical shifts, and market regulations)
- **Task 6-** Support organizational change and track business value/benefits realization

Final Stretch
